5. Student may receive more than one discount as the discount is per program.
6. Student must complete entire program (graduate) to receive the discount.

Students participating in the Military Tuition Discount program are not eligible for additional tuition discount programs. Immediate family members, however, are eligible for the Share the Knowledge Tuition Discount.

Charter College recognizes the challenges families face when multiple members decide to attend college together. In order to provide additional financial assistance to families with multiple members attending Charter College together, the Share the Knowledge Tuition Discount is available. The amount of this discount is 10% of total tuition costs for each family member that attends the college. Current and newly enrolled students may apply for discount, but the discount only applies to remaining unbilled tuition. The following eligibility criteria and steps must be met:

8. Students receiving Share the Knowledge

Charter College Share the Knowledge Tuition Discount

Tuition Discount must be current on monthly payment plans for balances owed towards tuition. A student will not receive tuition discount until all monthly payments are current.

9. If the recipient petitions for a change in program, the tuition discount will adjust to percent of new total tuition charges remaining for their program.

Financial Aid Programs

Charter College administers many of the federal student financial aid programs in addition to other alternative loans based on an academic year, which varies by program. All students receiving federal aid are required to meet various disbursement requirements including entrance counseling and verification (if applicable). If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds.

In accordance with Title IV regulations, students are also required to complete all docu-

mentation, verification process (if applicable) and must have attended for 30 days before the first disbursement can be applied to their account. The time of transmission of financial aid resources to Charter College is dependent on action by the funding agency. The College will do everything possible to expedite the disbursement, after verifying students have met all requirements for disbursement. After this confirmation, funds are ordered and credited towards eligible tuition, books and fees. Any credit balance that occurs is available to students unless otherwise requested to be held on account.

The following financial aid programs are available to qualifying students at Charter College.

PELL	Federal Pell Grant
FSEOG	Federal Supplemental Educational Opportunity Grant
DIRECT	Subsidized and Unsubsidized Loan Programs
PLUS	Federal Parent Loan for Undergraduate Students
WIA	Workforce Investment Act
REHAB	Private Rehabilitation Benefits
ALTERN	Alternative Loan/Cash Payment Programs
FWS	Federal Work Study
VA	US Department of Veterans Affairs

Federal Pell Grant

The Federal Pell Grant is authorized by the United States Congress and administered by the United States Department of Education. As a grant, no repayment is necessary unless a student fails to complete a portion of the academic year, which will result in a Return of Title IV aid calculation. The Federal Pell Grant is need-based and limited to undergraduate students who have not earned a bachelor's degree or first professional degree.

Federal Supplemental Educational Opportunity Grant

Authorized by the United States Congress and administered by the United States Department of Education, the Federal Supplemental Educational Opportunity Grant (FSEOG) is available for undergraduate students with exceptional financial need who are receiving a Federal Pell Grant. The FSEOG is available only to students who have not earned a bachelor's degree or first professional degree. FSEOG funding is limited and is awarded until

funding is expended. Priority will be given to new students with a 0 EFC. Remaining funds are awarded to otherwise eligible students based on need.

Federal Direct Subsidized Stafford Loan

Authorized by the United States Congress and administered by the United States Department of Education, the Federal Direct Subsidized Stafford Loan is a need-based loan for eligible undergraduate students. While a student is in school and during the six-month grace period (after the last date of attendance), interest is subsidized (paid) by the federal government. After the grace period, minimum payments are \$50 per month per loan.

Federal Direct Unsubsidized Stafford Loan

Authorized by the United States Congress and administered by the United States Department of Education, the Federal Direct Unsubsidized Stafford Loan is a need-based loan for eligible undergraduate students. Independent students and dependent students whose parents did not qualify for the Federal PLUS Loan (see below) may qualify. In addition, students who are ineligible for subsidized loans may qualify for unsubsidized Stafford loans in lieu of subsidized loans. There is a six-month grace period after the last date of attendance during which no principal payments are due. Students may choose to pay the interest while in school or they can opt to capitalize the amount until after the grace period ends. Minimum payments are \$50 per month per loan.

Federal Direct PLUS Loan

Authorized by the United States Congress and administered by the United States Department of Education, the Federal PLUS Loan provides funding up to the total cost of attendance (COA) minus all other financial aid students have for their current enrollment. Parents of dependent undergraduate students are eligible to apply and credit checks are conducted. Minimum payments are \$50 per month per loan. There is no grace period on this loan, however parents may request a deferment of repayment while the student is enrolled at least half-time and for a period of six months after the student ceases to be enrolled.

Federal Work Study

Federal Work-Study (FWS) provides part-time jobs for undergraduate students with financial need, allowing them to earn money to help pay education expenses. The program encourages community service work and work related to the recipient's course of study. Please see Financial Aid to determine eligibility if interested.

Veterans Assistance Programs

There are various Veterans Programs available to assist with educational funding. Please go to http://www.gibill.va.gov/GI_Bill_Info/programs.htm for more detailed information or speak to the Financial Aid department to determine eligibility for Veterans Benefits.

Federal or State Loans

If a student is eligible for a loan(s) guaranteed by the federal or state government and the student defaults on the loan(s) both of the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
2. The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

Verification

Under Title IV regulations, students who have applied for federal aid may be selected for verification. If selected, students will be required to submit additional documentation (including but not limited to prior year taxes and W-2s) to the Department of Financial Aid within five business days to complete the process so final eligibility for federal aid can be determined. Students should be aware, this process may require changes to the application, thereby affecting eligibility for grant and loan programs. Students with eligibility changes will be notified of such changes upon determination by the College.

New Students

All first-time, first-term students awarded federal and state financial aid will be eligible

for disbursement of their financial aid 30-days after the start of their program. Students must maintain Satisfactory Academic Progress (SAP) as outlined in the Charter College catalog in order to be eligible for subsequent disbursements. Subsequent disbursements are posted to the students' account approximately 7 days after the start of the next ten week quarter. For students attending certain Diploma programs, the subsequent disbursements are posted once the student has completed half of the required weeks, credits and hours of the program.

Entrance Counseling

All students applying for federal loans are required to complete an entrance counseling session by meeting with an Enrollment Processor at the campus or by visiting the website www.studentloans.gov to complete

the requirements online. Entrance counseling is intended to provide students with additional information regarding their rights and responsibilities as borrowers regarding their federal loans. Additional information regarding entrance counseling is available in the Financial Aid department.

Exit Counseling

All students using federal loans to fund any part of their educational costs are required to complete exit counseling within 30 days of their last day of attendance. There are various methods to complete exit counseling, in person, on-line or via mail. Students are encouraged to schedule a personal appointment with the Education Loan Specialist to complete the process prior to departure; however, in the event this isn't possible, exit counseling information will be mailed to the student.

Institutional Funding Option

Charter College offers many federal, state, and alternative financial aid options for students to pay their educational expenses. Many of these options require credit worthiness and not all those who apply will be approved. For students who have exhausted these options, the College offers an institutional loan option called *Retail Installment Contracts*. A Retail Installment Contract without credit worthiness is available.

A Retail Installment Contract (RIC) is through a third party servicer, UNISA. While a student attends the College and for three months after graduating, the loan is at 0% interest. Payments are due on the first of every month after attending class. If the loan extends beyond three months after graduation or the student stops attending, the interest rate increases to 8% until the loan is paid in full.

Any portion of tuition and fees not covered by the sponsoring agency will need to be paid by the student.

Prior to attending classes, Charter College must receive verbal authorization from an official of the agency/foundation to sponsor students. Within two weeks after the verbal authorization, the College must have received written authorization in order for sponsored students to continue attending class. The agency/foundation will be billed within 30 days of receipt of signed authorization.

Students Using Third-Party Funding

Students whose accounts with Charter College are past due and who have not made satisfactory payment arrangements may be **Involuntarily Withdrawn**. Many payment options

are available and students are encouraged to consult with the Department of Financial Aid for assistance.

Students with Financial Balances

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student, who is a California resident and prepays all or part of your tuition either by cash, guaranteed student loans, or personal loans, and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer

unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if either of the following applies:

1. You are not a California resident.
2. Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third

Student Tuition Recovery Fund (STRF)

party.

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by California residents who were students attending certain schools regulated by the Bureau for Private Postsecondary and Vocational Education.

You may be eligible for STRF if you are a California resident, prepaid tuition, paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment

or materials for which a charge was collected within 180 days before the closure of the school.

3. The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other cost.
4. There was a decline in the quality of the course of instruction within 30 days before the school closed or, if the decline began earlier than 30 days prior to closure, the period of decline determined by the Bureau.
5. An inability to collect on a judgment against the institution for a violation of the Act.

Withdrawal or Dismissal

Students have the right to withdraw from a program of instruction at any time. If a student attends the College and officially withdraws or is involuntarily withdrawn or dismissed, the student is obligated to pay for the institutional charges (tuition and fees and possible equipment costs).

The amount of tuition and fees owed to the College is prorated based on the week of the last day of attendance. Students are obligated to pay for all of the tuition and fees if they attend more than 60% of the financial payment period (see the Refunds section).

If a student obtains equipment, as specified in the Enrollment Agreement, and returns it in good condition within 30 days following the date of withdrawal, the College will not charge for the equipment. If a student fails to return the equipment in good condition, allowing for reasonable wear and tear, within 30 days, the College may charge the student for the cost of the equipment. A student will be liable for

the amount, if any, if the cost of the equipment exceeds a prorated refund amount. A list of equipment costs is available at the College.

The amount of tuition and fees owed to the College and charges for equipment are subtracted from the amount a student paid for tuition and fees. **If the amount owed is more than the amount paid to the student's account, the student must make arrangements to pay the College the outstanding balance.** Student balances that remain unpaid for a period of 30 days without payment will be forwarded to an agency for collection. Additional fees will apply and this further attempt to collect the outstanding debt will adversely affect a student's permanent credit history.

If the amount paid for institutional charges is more than the amount owed, a refund will be made available to the student within 30 days of withdrawal (see Post Withdrawal Disbursements).

Refunds

The following schedule is used to calculate refunds of tuition and fees. A quarter is ten consecutive weeks of instruction. Courses will be taught in two five week modules with billing and refunds applied to the entire ten week quarter. For example if a student's last day of attendance is during week 2 of the quarter, the student will be refunded 80% of the tuition and fees for that quarter. A student that attends after the sixth week will not receive a refund of tuition and fees.

Last Week Attended	% Refund
Week 1	100%
Week 2	80%
Week 3	60%
Week 4	55%
Week 5	50%
Week 6	30%
Week 7-10	0%

Return of Title IV Funds

Students who are using Title IV federal aid and withdraw, are withdrawn, or dismissed from the College prior to completing more than 60% of the calendar days in the current financial aid payment period will have their eligibility for aid recalculated based on the percentage of the payment period completed (percentage of Title IV aid *earned*).

The *percentage of Title IV aid earned* is calculated as follows:

- The number of days completed by a student divided by the total number of days in the period times 100% equals the percentage of the period completed. The percentage of the period completed represents the percentage of Title IV aid earned by the student.
- The total number of days in the period excludes any scheduled breaks of more than five days, but includes all weekend days within the beginning and ending dates of each period.
- For example, if a student attends the 17th day of a period with 67 days, the percentage of Title IV aid earned is 25.4% (17/67 times 100%).
- If a student attends more than 60% of the payment period, the student has earned 100% of the Title IV aid.

100% minus the percentage of earned Title IV aid earned equals the percentage of unearned Title IV aid. Using the example above, 74.6% (100% minus 25.4% equals 74.6%) of the Title IV funds remains unearned and must be returned to the financial aid program.

After a return of unearned federal aid has been calculated, the portion of aid to be returned to federal programs is distributed in the following order:

1. Federal Unsubsidized Stafford Loan
2. Federal Subsidized Stafford Loan
3. Federal Plus Loan
4. Federal Supplemental Educational

- Opportunity Grant
5. Federal Pell Grant

After a return of unearned federal aid has been calculated and returned as listed above, the portion of aid to be returned to other funding programs is distributed in the following order:

1. Third party funding such as Veterans Administration Rehabilitation, Division of Vocational Rehabilitation, Worker's Compensation, WDP, and/or foundation funding
2. The student

The percentage of earned Title IV aid may include disbursed and not disbursed funding for which students were eligible prior to the withdrawal from the College. If withdrawing students are determined to have been eligible for and earned more aid than was actually disbursed before the official withdrawal date, Charter College will disburse the funds in accordance with federal regulations (see Post Withdrawal Disbursements).

Post Withdrawal Disbursements

Earned Title IV funding that has not been disbursed may be applied to outstanding institutional charges.

If a student is eligible for the Pell Grant, grant money will be disbursed directly to the student's account at the College. That is, because Pell grants are not loans, the student does not have to approve receiving grant money.

If a student is eligible for disbursement of loan funds (different from Pell Grant), the student must submit a written acceptance/approval of those loans within 14 days of written notification from the College. If the student approves the loans, the loan funds will be disbursed to the student's account at the College. After outstanding institutional charges are paid and if excess funds remain, the excess funds will be provided to the student within 14 days of the credit balance occurring on the student's account.

Academic Freedom

Charter College provides instructors with the freedom to teach and pursue knowledge and skills and to discuss them openly, consistent with the requirements and expectations of the subject matter and the College curriculum.

Instructors at Charter College are entitled to express professional points of view within the limits of the mission and academic policies and procedures.

Academic Honesty

Academic honesty is essential in student conduct. An academic honesty violation includes, but is not limited to, cheating, plagiarism, forgery, falsification, alteration, copying, fabrication, bribery, and collaboration without expressed permission. Charter College students are responsible for the preparation and presentation of work representing their own effort, skills and achievements. Students will identify any quotations, materials or paraphrased materials taken from the work

of others and fully acknowledge and identify the sources. "The work of others" includes published works as well as work completed by other students, and encompasses projects, assignments, computer exercises and exams.

Cheating will result in an "F" grade for the course and may be grounds for dismissal from the College. Plagiarism will result in zero points for any research and may be grounds for dismissal from the College.

Advanced Academic Standing

Notice Concerning Transferability of Credits and Credentials Earned at Our Institution

Transfer credit will be considered from an institution of higher education accredited by an agency recognized by the U.S. Department of Education. Course credit will be awarded for courses that are comparable in scope, content and number of credits to courses offered at Charter College. Courses must be at the 100-level or higher and completed with a grade of "C" or higher or the equivalent. Tech-

nical coursework should be current and no older than 8 years. Course prerequisites and course sequencing must be observed to ensure appropriate skill development.

To obtain transfer credit the Charter College Education Department must receive an official transcript from the other institution. The transcript will be reviewed by the Education Department or designee. A student may be required to produce a catalog, textbook or other supporting documentation. Courses transferred to the College are assigned a "TC" grade on a student's transcript. Courses trans-

ferred to the College are not calculated in a student’s cumulative grade point average, but do impact satisfactory academic progress (see Satisfactory Academic Progress section).

No more than 75% of the credit hours in a program may be awarded either by transfer of credit and/or by examination.

Proficiency Credit

Charter College allows students to test out of a course by passing a proficiency examination. The fee for a proficiency examination is \$100 per course. Students must test out of a course prior to the first day of the course.

In order to successfully pass a proficiency examination a student must score 70% or higher. Proficiency examinations may be attempted only once.

Credit by Certification Examination

Students may receive credit for courses that cover certification examinations. The courses that may be challenged by passing the official certification exams are listed in the table below. Students may attempt certification exams as many times as permitted by the vendors. See the Tuition and Fees section for certification examination fees.

Charter College Course Name	Corresponding Official Certification
PowerPoint for Windows (CMP126)	Microsoft Certified Application Specialist (MCAS) Access and PowerPoint
Word for Windows (CMP130)	Microsoft Certified Application Specialist (MCAS) Word
Excel for Windows (CMP131)	Microsoft Certified Application Specialist (MCAS) Excel
Microsoft Server Windows Environment (CMP129)	Microsoft Exam 70-290: Managing and Maintaining a Microsoft Windows Server 2003 Environment (MCP)
Network+: Network Essentials (CMP134)	Network+
Security+: Network Security Fundamentals (CMP133)	Security+
A+ Fundamentals (DET124)	A+

Students who have passed an official certification examination must provide the College with the original certification approval showing a passing score for the exam. All official certification exams must be approved by the Education Department and be current (within the last 4 years) prior to credit being awarded. In addition to the certificate examination, a student may be required to take and successfully complete a proficiency examination to demonstrate mastery of the course content. Institutional and official Microsoft certification exams, as indicated on the chart, are offered only to students who have been officially admitted to Charter College.

Fees for official Microsoft certification exams

will be assessed for every attempt of the exam. Official certification exams may be taken at Charter College, if available, or at any certified testing center.

Credit by National Examination

Students who have taken an Advanced Placement Test may receive course credit by scoring 3 or higher. Students who have scored 50 or higher on College Level Examination Program (CLEP) tests may receive course credit. Course credit may be awarded for scores of 4 or higher on the Higher Level (HL) International Baccalaureate Test. Official documentation must be received by the College prior to a student starting classes.

the skills and attitudes necessary to compete in the highly competitive labor market. Since much of each program is conducted in a hands-on environment, attendance is critical to proper skill building.

Attendance is mandatory for all courses. Students are expected to attend every scheduled class, be on time, and attend for the entire scheduled class time. Attendance is taken in each class and is recorded permanently. Students arriving late for a class or leaving early are considered tardy. Tardiness and absenteeism will affect a student's grades.

Students at Charter College are responsible for completing all course assignments. Students who know in advance that they need to be absent must inform their instructors early so that appropriate make-up work can be

arranged. Instructors will determine whether students who are absent from an exam may make it up.

Students are advised to call the administrative offices of Charter College when they are going to be absent from their course(s). Office hours are 8:00 a.m. to 7:30 p.m., Monday through Thursday and 8:00 a.m. to 5:00 p.m. on Friday. A message may be left with anyone answering the phone.

Students who fail to attend classes for more than 14 consecutive days will be subject to involuntary withdrawal (see Involuntary Withdrawal) from the College.

The Vocational Nursing program has a different attendance policy. Please see the Vocational Nursing Student Handbook for the policy.

Class Size

Courses generally have a maximum of 40 students. Many courses and laboratories are

limited to fewer students based on facilities and programmatic accreditations.

Change of Grade

If a student questions a grade received in a course, the student must first contact the instructor of the course. The instructor may request that the student supply any assignments or coursework for consideration. If the student is not satisfied with the instruc-

tor's decision, the student may meet with the Campus President. The student must complete this process within the first two weeks of the following module. All grades are considered final 30 days after the end of the module.

Change of Program

Only students making satisfactory academic progress (see Satisfactory Academic Progress section) may transfer from one program to another. Because the program requirements

differ, not all of the course credits may transfer. A student should check with the Education Department for information.

Consortium Agreement

Students have the option to complete a portion of their program of study through online courses. These online courses are specifically designed for the student who will be accessing online courses from a standard home or personal computer. For more information, contact the Education Department for additional policies and recommended technology

specifications to ensure an optimal learning experience in online courses. On-line courses will be taught by Charter College in Anchorage, Alaska. A student or any member of the public may file a complaint about this institution with the Alaska Commission on Postsecondary Education, PO Box 110505 Juneau, Alaska 99811-0505, Phone (907) 465-6741, Fax (907) 465-5316.

Copyright Policy

It is the policy of Charter College to comply with the Copyright Laws of the United States, and therefore, copyright infringement is not allowed by employees or students of Charter College.

Copyright infringement is the unauthorized reproduction, use, or display of copyrighted work without the permission of the copyright owner. Copyrighted work includes many forms of protected work including literary, musical, dramatic, and audiovisual creations, but not

limited to these. Copyright protects the particular way an author has expressed himself; it does not extend to any ideas, systems, or factual information conveyed in the work.

The 1961 Report of the Register of Copyrights on the General Revision of the U.S. Copyright Law cites examples of activities that courts have regarded as fair use: "quotation of excerpts in a review or criticism for purposes of illustration or comment; quotation of short passages in a scholarly or technical work, for illustration or clarification of the author's observations; use in a parody of some of the content of the work parodied; summary of an address or article,

with brief quotations, in a news report; reproduction by a library of a portion of a work to replace part of a damaged copy; reproduction by a teacher or student of a small part of a work to illustrate a lesson; reproduction of a work in legislative or judicial proceedings or reports; incidental and fortuitous reproduction, in a newsreel or broadcast, of a work located in the scene of an event being reported."

Unless the doctrine of fair use would clearly apply to the situation, Charter College recommends that permission is obtained from the copyright owner before using copyrighted material. If there is any doubt, don't copy the work.

Courses may be scheduled any day of the week Monday through Sunday, morning, afternoon and evening. Days and times of attendance may vary by program and may change from module to module.

Students are registered for courses by the Education Department. Students wishing to change their schedules must contact the Education Department on or before the first day of a module.

Course Schedules and Registration

A diploma is awarded to graduates when all program requirements and financial obligations are current. Prior to externship, students are encouraged to contact Financial Aid to

confirm their financial status. Students with unpaid balances can request a completion letter to affirm their completion of the course requirements for their program.

Diplomas

For programs requiring an externship, the policies are the same as required for other academic coursework. Days, hours, dress code, responsibilities, etc. are dependent on the requirements of the externship facility. During the externship, a student will be evaluated in the areas of professional performance, work habits, initiative, etc. If a student is unable to reach minimum competency in the extern facility, she/he will be required to return to the College for remedial assistance and/or serve additional externship hours. Students are required to submit weekly attendance documentation to the College while on externship.

ance are the responsibility of the student.

Externship

Some externships require students to have immunizations and/or a health clearance. Check with Career Services and the externship site to obtain a list of required immunizations. All costs for immunizations and a health clear-

In order to be eligible for externship, students must be current in their financial obligations to the College. Students who are delinquent in their monthly payments or who have unfunded debt with the College will be involuntary withdrawn from the College until such time as their financial obligations are met. Once the financial situation is resolved and a student is in good standing, the student is eligible for readmission to the College through the re-entry process. See the Re-Entry section.

Prior to externship, students are encouraged to contact Financial Aid to confirm their financial status. Students with unpaid balances can request a completion letter to affirm their completion of the course requirements for their program.

Evaluation of student achievement will be based on meeting the objectives for each course. At the beginning of each course, the instructor will provide students with a syllabus

identifying the objectives and grade determination criteria. Instructors base assessment on assignments, tests and quizzes, and course participation. The standard scale of A to F and

Grading System

P are considered earned grades. Official grades are issued at the completion of each module. Students who wish to dispute a grade must complete the process within the first two

weeks of the following module (see Change of Grade.) All grades are considered final 30 days after the end of the module.

Grade Scale

Letter Grade	Points	
A	4.0	Superior
B	3.0	Excellent
C	2.0	Satisfactory
D	1.0	Min Passing Grade
F	0	Fail
G		Graduate
I		Incomplete
P		Pass
TC		External Transfer Credit
W		Withdrawal
AU		Audit Grade

Withdrawal

A course is assigned a withdrawal grade of “W” when a student officially withdraws or is withdrawn by the College. A course withdrawal is not included in the calculation of a grade point average.

Failure

Any course in a program of study that is failed must be repeated and passed. (See Repeating a Course.)

Incomplete

Once enrolled in a course, students should make the effort to complete all course assignments during the module in which they are officially enrolled. However, circumstances of unusual and exceptional hardship may arise which prevent students from completing course assignments by the end of the module. In those cases, an Incomplete grade, “I,” may be granted to a student who has completed most of the assignments required by the course. Students must petition to receive an Incomplete in the course with the approval of the instructor and the Education Department (or Program Chair). Students must complete a petition form and submit it to the instructor prior to the last class meeting. Petition forms

are available in the Education Department.

Students who are granted an Incomplete will receive a grade of “I” followed by a “/” and the grade earned thus far in the course; example: “I/D.” Students must submit all missing course requirements to the instructor within two weeks after the end of the module. Students officially enrolled in an externship may petition for up to five weeks to complete the externship with the permission of the Education Department. If the missing requirements are not completed, the student will be issued the grade indicated on the Incomplete Petition. Regardless of whether the course work is completed, the Incomplete will be changed to a letter grade.

Dental Assisting

Dental Assisting students are required to repeat any course in which the grade they receive is below a “C.”

Vocational Nursing

Vocational Nursing requirements differ from those of other programs at Charter College. Students must pass each course at 80% cumulative grade point average or above and complete all assignments in order to progress to the next course.

During a course if a student has not completed the required coursework, a grade of “I” (Incomplete) will be assigned. Students cannot continue to the next course if coursework for the previous course is incomplete. If a course

is not successfully completed with a cumulative grade point average of 80% or better, a grade of “F” (Failing) will be assigned and the course must be repeated.

Vocational Nursing Grading Scale

Letter Grade	Points	
A	94% - 100%	Excellent
B	93%-87%	Good
C	86%-80%	Average
F	Below 80%	Failing
I	Coursework Incomplete	Incomplete
W		Withdrawal
P		Pass
NP		Not Pass

To calculate a grade point average, multiply the points associated with each grade times the number of credit hours for each course. Add

these grade points and divide the total by the total number of credit hours.

Grade Point Average

To be eligible for graduation, students must:

1. complete all required courses with a cumulative grade point average (GPA) of at least 2.0;
2. meet the specific grade and other program requirements for specific modules (if applicable);
3. successfully complete the externship or

clinical requirement (if applicable);

4. achieve Satisfactory Academic Progress;
5. meet all financial and other obligations to the College
6. meet all Career Services requirements
7. complete all required certifications (if applicable).

Graduation Requirements

Occasionally the College will close due to holidays, bad weather or other natural phenomena. Make-up days for holidays are scheduled on Fridays; see the Academic Calendar section in this catalog for the Fridays when classes will meet. If the College closes for more than one day, classes will meet on an unscheduled

Friday. In the case of an unexpected closure, if possible, students will be given notice at least one week in advance so that arrangements can be made to attend. When the College closes unexpectedly, students should anticipate making up the time before the end of the module.

Holidays and Weather Closures

In addition to attendance in all courses, students will be required to complete out-of-class assignments. These assignments include but are not limited to reading, exercises and problem solving, projects, research, papers, and presentations. A student can anticipate out-of-class activities that equal about two hours for every hour of lecture.

Out-of-class assignments such as papers, projects and presentations and sometimes exercises and problem solving will be graded and included in the final evaluation of a student's grade in a course. The syllabus for each course provides the criteria used to determine the grade in the course.

Homework

Involuntary Withdrawal

A student who meets any of the following criteria will be involuntarily withdrawn from the College:

- failure to attend classes for more than 14 consecutive calendar days
- academic dismissal (see Satisfactory Academic Progress)
- unable to secure an externship site

- certification test not successfully completed (if applicable to program)

The last date of attendance will be determined by the Education Department using attendance records. Re-entry to the College following involuntary withdrawal will be at the discretion of the College. See the Re-entry section.

Leave of Absence

Students are not allowed to take a leave of absence (LOA). Students who are not attending

will be withdrawn and must follow the established process for reentry.

Make-up Work

Students at Charter College are responsible for completing all course study and assignments. Students that miss class time are responsible for making arrangements with their instructors for making-up course work. Make-up work is divided into two categories consisting of proctored (e.g., tests, quizzes, etc.) and non-proctored activities.

If a student gets the approval of the instructor to make up a proctored activity the student must, upon returning to the College, immediately arrange to meet with the instructor. The instructor will assign the student to attend the next proctored session at a designated time and place. Proctored activities will automatically be given a 20% deduction in grade and

failure to attend at the assigned time and place will result in a zero.

If a student gets the approval of the instructor to make up the non-proctored activity the student must, upon returning to the College, immediately arrange to meet with the instructor to make up the missed assignments. The following penalties for make-up work turned in late will apply as follows.

- 1 day late, 10 % deduction in grade*
- 2 days late, 20% deduction in grade*
- 3 days late, 30% deduction in grade*
- 4 days late, 40% deduction in grade*
- No opportunity after the 4th day*

Notice Concerning Transferability of Credits and Credentials Earned at Our Institution

The transferability of credits earned at Charter College is at the complete discretion of an institution to which a student may seek to transfer. Acceptance of the degree, diploma, or certificate earned in a program of study is also at the complete discretion of the institution to which a student may seek to transfer. If the credits or degree, diploma, or certificate earned at Charter College are not accepted at the institution to which a student seeks to transfer, the student may be required to repeat

some or all of the coursework at that institution. For this reason a student should make certain that attendance at Charter College will meet his or her educational goals. This may include contacting an institution to which a student may seek to transfer after attending Charter College to determine if the credits or degree, diploma or certificate will transfer. A student should assume that no credits or degree, diploma or certificate will transfer to another institution.

Online Courses

Charter College offers several programs in an online format. These programs are equal to those taught at any of our campuses. Contact the Education Department for a list of entire programs available online.

Students who are unable to attend certain courses or wish to have some more flexibility when it comes to learning may want to consider taking some courses online. Students have the

option of taking up to 50 percent of the credit hours in their program online. For a list of online courses, contact the Education Department. Students who desire to attend online courses should contact the Education Department for registration.

Course requirements are the same whether the course is taken online or on-campus. Student fees, textbook requirements, and

grade and credit hour awards for courses taken in an online format are equal to the same courses taken on campus. Students taking courses online must complete the online orientation. The online orientation is available through the campus library website.

Online courses require students to be dedicated and have self-discipline in order to succeed in their courses. In addition, students enrolled in online courses are required to have available a computer and high-speed Internet access, and a supported web browser (including Internet Explorer, Mozilla, and Safari). Other system requirements include the following:

- Microsoft® Windows 2000 or Windows XP (recommended)
- Intel® or AMD® CPU at 266MHz or better
- 128 MB RAM
- Web browser: Microsoft Internet Explorer 6.0-7.0; Mozilla Firefox® 1.0-2.0; Mozilla 1.2.1-1.7.12 116 Revised 4/4/2011
- Java JRE 1.4.1_02-1.5/5.0 required for instructors and recommended for students
- Adobe® Flash® Player strongly recommended
- To print tests, Adobe Acrobat® Reader 4.05b or higher.
- Screen Resolution of 800 x 600 or higher, and color quality of 16-bit or higher.
- Pop-up blocking software turned off or configured to allow *.ilrn.com to display pop-ups.
- Recommended: Apple® QuickTime®, Real Player®, and Adobe® Shockwave® player. These free browser plug-ins are used to display multimedia components in some products, including TLE and Personalized Study courseware.

- Sound card for products with audio features (for example, The Learning Equation).

The platform for online courses is Moodlerooms. Students enrolled in online courses must sign in the course during the first week of the course. Additionally, students who have not yet completed the Moodle Orientation are required to complete that during the first week of the course.

Online Student Identity Authentication and Privacy

The College Learning Management System (LMS) for online students is a restricted access and password protected electronic environment. Prior to entering the LMS, an online student's identity must be verified by way of an assigned unique login and password that is provided to each student upon enrollment and class registration. Verification of student information is provided at no extra cost to the student. Student identity will be maintained in a private format by the College in accord with established institutional privacy and confidentiality policies with access provided only to agents of the College who require immediate and necessary use of the information in order to fulfill the various academic activities of the College. It is the student's responsibility to strictly preserve the privacy of their login and password information. Students are prohibited from sharing login and password information. Any such intentional compromise of the integrity of the privacy of a student's login and/or password (i.e., sharing of this information) will result in the student being subject to immediate termination from Charter College. In the event a student believes the privacy associated with their login and password information has been compromised, they are required to contact school officials for an immediate reset of their information. This is also done at no extra cost to the student.

A student who has been voluntary or involuntary withdrawal for less than 12 months and wishes to re-enter the College must contact the Director of Student Success. The Director of Student Success interviews the student and the student completes a petition form. The College reviews the student's petition, academic record, and financial aid. The Director of Student Success contacts the student as to the petition decision.

When a student has been approved to return, the student must sign a new Enrollment Agreement and meet with the Financial Aid Department. The student is subject to the current tuition rate on the new Enrollment

Agreement, a \$100 re-entry deposit and the current catalog.

Exceptions to the re-entry deposit are listed below.

Re-Entry

- The student was withdrawn due to no fault of their own such as an externship site or course was not available
- The student had a pre-arranged agreement with the College to leave for medical reasons, etc.

Repeating a Course

A student who has received a failing grade (“F”) or a withdrawal (“W”) in a course, must repeat the course to meet the requirements of the student’s program. Dental Assisting students are required to repeat any course in which they receive a grade below “C.” When a course is repeated the higher of the two grades will be counted for purposes of calculating the student’s cumulative grade point average. If repeating a course is required, the length of the program must not exceed 1½ times the scheduled program (see Satisfactory Academic Progress).

A student may repeat one course during their

enrollment at no charge when an unsatisfactory grade has been attained including withdrawn courses. Fees apply for all subsequent repeats.

A course in which a student has received a “W” or “F” grade may be attempted only **three** times. A student who does not successfully complete a course after the third attempt will be academically dismissed from the College and may not appeal the dismissal. A student will not be charged for the first repeat of a course. If a student takes a course for a third time, the student will be charged \$1000 for an 80-hour course and \$500 for a 40-hour course.

Satisfactory Academic Progress

In order to graduate a student must have a cumulative grade point average of 2.0 or higher and complete all the courses and requirements for graduation within 150% of the total number of credit hours in the program of study. To help students meet these requirements the College checks periodically that students are making Satisfactory Academic Progress (SAP). SAP is measured in two ways: CGPA and rate of progress. Rate of progress is the percentage of successfully completed credit hours relative

to attempted credit hours. That is, number of completed credit hours divided by attempted credit hours times 100.

SAP is measured at evaluation points that occur every ten weeks (i.e., every quarter), with the exception of the Vocational Nursing program, which occurs every fifteen weeks. The SAP table indicates what CGPA and rate of progress benchmarks a student must have at the evaluation points to be meeting SAP.

Satisfactory Academic Progress Evaluation Points and Benchmarks

Degree	Evaluation Point	Benchmarks
		CGPA and % Rate of Progress
Certificate	1st	Minimum of 1.6 and 50%
	2nd	Minimum of 1.8 and 60%
	3rd and thereafter	Minimum of 2.0 and 67%
AAS Degree	1st	Minimum of 1.0 and 33.4%
	2nd	Minimum of 1.6 and 50%
	3rd	Minimum of 1.8 and 60%
	4th and thereafter	Minimum of 2.0 and 67%
BS Degree	1st	Minimum of 1.0 and 33.4%
	2nd	Minimum of 1.6 and 50%
	3rd	Minimum of 1.8 and 60%
	4th and thereafter	Minimum of 2.0 and 67%

Students not meeting these benchmarks are not making Satisfactory Academic Progress.

The first time a student is not making SAP, the student is placed on academic warning. If the student receives financial aid, the student may be placed on financial aid warning. Students on academic warning/financial aid warning will be notified via the student portal and contacted by their Program Chair or the Education Department (see the Academic Advising section).

At the next evaluation point if a student on academic warning meets or exceeds the benchmark, the student is taken off academic warning. If, however, a student does not make SAP, the student is placed on academic probation. If the student receives financial aid, the student may be placed on financial aid warning or financial aid probation, also. Students on academic probation/financial aid probation will be notified via the student portal. **Students placed on financial aid probation must appeal in order to continue receiving financial aid.** See the Appeal Financial Aid Probation section of the catalog for details.

Students on academic probation have until the next evaluation point to meet or exceed the SAP benchmark. If they do so, they are taken off academic probation. If a student does not make SAP, the student is dismissed from the College. A dismissed student is notified via the student portal and contacted by the Education Department.

A dismissed student may appeal the dismissal. See the Appealing Academic Dismissal section of the catalog for details. If a student's appeal is denied, the student may appeal again after one year of the date of the dismissal. A student may not return to the College if denied more than once. If a student's appeal is approved, the student is placed on academic probation and will be eligible for financial aid with an academic plan until the next evaluation point.

Satisfactory Academic Progress and Course Withdrawals and Failures

When a student withdraws from a course, the course is assigned a "W" grade. This grade has no grade points and therefore does not impact a student's cumulative grade point average. A course withdrawal, however, negatively impacts the rate of progress by increasing the number of credit hours attempted.

A failing grade negatively impacts a student's cumulative grade point average and rate of

progress.

Transfer Credit and Satisfactory Academic Progress

When a student transfers credit to the College, the transferred credit hours do not carry grade points and therefore do not impact the student's cumulative grade point average. The total number of allowable credit hours attempted, however, decreases by the number of credit hours transferred to the College. For example, if a student transfers 15 credit hours into a program with 55 credit hours, the number of allowable credit hours attempted will equal $50 - 15 = 40$, and $1.5 \times 40 = 60$ credits hours allowed.

Appealing Financial Aid Probation

To appeal financial aid probation a student must write a letter to the Appeals Committee stating what circumstances lead to poor academic performance. Acceptable circumstances are generally outside of the student's control and are unavoidable examples include death of a family member, military service, and child care problems. Documentation to support the appeal should be submitted with the appeal letter. In addition, the appeal letter must state what steps have been taken to correct the situation. The student should give the appeal letter to the Education Department or a Program Chair. While the appeal is being considered by the Appeals Committee, the student should continue to attend classes.

If the financial aid appeal is denied, the student may continue to attend classes on a cash pay basis until the next SAP evaluation point.

At the next evaluation point the student must meet or exceed the SAP benchmark to be making satisfactory academic progress. If the student is making SAP, financial aid eligibility is reestablished. If a student does not make SAP, the student is dismissed from the College.

Appealing Academic Dismissal

A student that has been dismissed for not making satisfactory academic progress may appeal the dismissal. To appeal the student must write a letter to the Appeals Committee stating what the circumstances were that lead to poor academic performance. Acceptable circumstances are generally outside of the student's control and are unavoidable such as death of a family member, military service,

and child care problems. Documentation to support the appeal should be submitted with the appeal letter. The student should give the appeal letter to the Education Department or a Program Chair. While the appeal is being considered by the Appeals Committee, the student should continue to attend classes. The Education Department will notify the student regarding the outcome of the appeal.

A student who is academically dismissed and does not appeal the dismissal immediately will be involuntarily withdrawn from the College. When an academically dismissed student wishes to return to the College, the student must appeal the academic dismissal according to the requirements above. If the appeal is approved by the Appeals Committee, the student will be readmitted to the College. The Education Department will inform the student of the appeal approval and will direct the student in the re-admission process.

If a student's appeal is denied, the student

may appeal again after one year of the date of the dismissal. A student may not return to the College if denied more than once. If a student's appeal is approved, the student is placed on academic probation and if applicable on financial aid with academic plan until the next evaluation point.

Academic Advising

Students not making satisfactory academic progress must meet with the Education Department or a Program Chair for academic advising. Academic advising includes analyzing the circumstances that lead to poor academic performance and creating an academic improvement plan to address the circumstances. The academic improvement plan becomes part of a student's academic file. Students with an academic improvement plan must meet weekly with the Education Department or their Program Chair to determine progress toward completing the plan.

Transcripts

Charter College will provide a transcript of the student's academic record upon written request by the student. An official copy will be mailed to the appropriate person and/or institution. An unofficial copy can be provided directly to a student upon graduation, provided the student is not past due on financial obligations to the institution. If the student is past due on their institutional loan (i.e. UNISA), a letter of completion can be sent to an employer. No documentation will be released to another

educational institution unless the student is current on a secured payment plan for their institutional loan. A student will not receive a diploma or official transcript if they are in default with any federal loan or if the student is placed with an outside collection agency for their institutional loan. Student accounts must be paid in full to receive an official transcript. The College archives academic transcripts indefinitely.

Transfer from One Charter College to another Charter College

Only students making satisfactory academic progress may transfer from one Charter College to another Charter College. Because the program requirements may differ, not all

of the course credit may transfer. A student should check with the new campus for more information.

Voluntary Withdrawal

Students may voluntarily withdraw from the College by providing to the Education Department official notification either orally or in writing of their intent to withdraw. The Education Department will determine the last date of attendance based on the date of the official notice.

Re-admission to the College following involuntary withdrawal will be at the discretion of the College. See the Re-entry section.

STUDENT SERVICES

Career Services

The Campus President, Education Department and Career Services work closely together to develop a partnership between graduates and future employers. The Career Services Department informs the medical/legal/business community of the programs of study and the education of the graduates. Career Services assists students with resume preparation and coaches them on effective interview techniques. The office also matches graduates with positions available in the community, arranges interviews and provides job notices. Career Services and the Externship Coordinator work hand-in-hand with students during the last two months of their program.

Career Services administers a mandatory Exit

Interview process prior to graduation whereby a student:

- completes a resume,
- prepares for interviews,
- charts a short and long term career plan,
- learns job search techniques,
- arranges a plan of contact to maintain relationships with Career Services after graduation in order to continue to receive notice of job leads that come available in his or her field of study.

The College continues to work with students even after graduation. Finally, the Career Services Department sends out surveys to both graduates and employers to provide additional feedback to the College.

Charter College's policy is to make its programs and services accessible to individuals defined as disabled in Section 504 of the Rehabilitation Act of 1973. The College provides evaluation of individual needs, advisement and appropriate support services when indicated. Students are responsible for identifying their needs to each instructor no later than the first day of a course. If any problems arise, students must contact the Education Department or the Campus President.

Students with Disabilities

Charter College seeks the success of all students, including those who may be experiencing disabilities. Toward that end, Charter College will work with students to determine what, if any, accommodations might be available. However, Charter College also expects students to be active participants in this process. Accordingly, students who have an impairment that qualifies as a disability requiring an accommodation should contact the Dean/ Director of Education or the Campus President either upon enrollment or as soon as it becomes apparent that assistance may be necessary.

a. Students who will be requesting an accommodation may first be required to provide documentation from a professional qualified to address the particular disability, verifying the disabling condition. Addition-

ally, if the accommodation requested does not seem to correspond with the type or severity of the disability, Charter College reserves the right to require additional documentation to support the appropriateness of the request. Students assume the cost, if any, of the required documentation.

b. The law governing disability does not find that impairment is a disability for which a school or a business is obliged to provide an accommodation. For instance, a condition that is short-term, such as a broken arm, is not a disability for purposes of consideration for an accommodation plan. Impairments must be long-term and/or permanent to be considered for an accommodation. Similarly, a physical or mental impairment that is corrected by medication or other measures is not considered to be a disability. For example, where a person's vision impairment is corrected with glasses or contacts, the impairment is not considered a disability. In such situations, Charter College also does not provide an accommodation. The above are only examples of situations where impairment may not be considered a disability. Charter College reserves the right to determine whether a student's impairment is a disability requiring consideration for accommodation.

c. Students who are current clients of

Policy on Accommodation for Disabled Individuals

the California Department of Rehabilitation (DOR) may thereby have satisfied the requirement of the documentation of the disability. However, in order to verify the status of the students with the Department of Vocational Rehabilitation, Charter College reserves the right to request from those students who are seeking accommodation the release of documentation of their disability.

d. Once a disability is verified, the College will work with students to develop an accommodation plan that Charter College and the student will agree is reasonable and appropriate under the circumstances. Students will be assisted on an individual basis. Therefore, what is deemed a reasonable and appropriate accommodation for one student may be different for another student. The accommodation provided, if any, will be dependent upon the disability of the student, the cost of a requested accommodation and other available alternative

accommodations. If a student is a current client of DOR, it may be necessary to coordinate the accommodation plan with DOR as well.

e. Charter College will work to design an accommodation plan that will allow a student to participate in the academic environment without materially altering the nature of the instructional program or causing any undue burden on other students or the College. A student must contact the Education Department and complete a request for accommodation plan in order to be considered for an accommodation. While the student's preference will be considered in developing the plan, the College will make the final determination regarding the type of accommodation provided. The type of service provided may not be the type preferred by the student. Charter College does not provide services of a personal nature that are not necessary for participation in the academic environment.

Library

The Charter College Library is a traditional and virtual library. The traditional library provides access to physical resources such as books, magazines, and media resources. The library also provides students with a quiet place to study and write papers, perform research, and complete homework assignments. The library computer lab provides access to computer software utilized by students in their classrooms. The virtual library provides access to a wide variety of online full-text research databases, an online computer skills training library, and a growing collection of electronic books. Students may access the virtual library from on or off campus once accounts are set up.

Students and faculty are encouraged to use the library for educational and professional development purposes. All materials in the library, including computers, may be used for conducting research and completing class/homework assignments. Library staff is available to provide assistance during library hours. Reference materials and magazines are for library use only.

Those who abuse the privilege of the library, including improper usage of the Internet, may be denied library privileges.

Library Circulation Policy

Library patrons must possess a current Charter College ID card to receive library privileges, as it functions as their library card. Patrons are responsible for all materials checked out on their library card and are responsible for reporting the loss or theft of ID cards. As such, items will not be checked out to students not possessing a current Charter College ID. Borrowing privileges are suspended once a patron has kept library material(s) two weeks past the due date and remain suspended until the item is returned or replaced. A fee will be assessed for any lost and/or damaged materials. The librarian will determine when an item is damaged beyond repair and must be replaced. The replacement charge for lost or damaged materials will be contingent upon the original cost of the material up to \$75.

In order for students to register for classes, to use placement services, to receive Charter College transcripts, and to graduate, they must be in good standing with the library, to include returning overdue materials and having any assessed fees paid-in-full.

Tutoring is available for students who need additional assistance in their studies. Upon the request of the student faculty members are

available for help. Students who need assistance should contact their instructor.

STUDENT CONDUCT

Students are expected to observe the following policies and those described in the Catalog and Student Handbook:

- Accept assigned duties and responsibilities.
- Demonstrate initiative and productivity.
- Demonstrate sensitivity, compassion and a caring attitude towards peers, patients, and clients.
- Maintain professional grooming and personal hygiene at all times.
- Demonstrate a cooperative, supportive team attitude toward peers, instructors and directors.

Students will be held accountable for, or should report, the following violations while on the College or externship property:

- All forms of dishonesty, including cheating, plagiarism, forgery and intent to defraud through falsification, alteration, or misuse of College documents.
- Theft or destruction of College or the private property of individuals associated with the College.
- The possession or sale of firearms or other weapons, explosives, or dangerous chemicals.
- Any type of harassment, horseplay, threats, verbal abuse, or violence of any kind as they will not be tolerated and may be reported to local authorities.
- The use of profanity, insubordination, dishonesty and violation of safety rules.

- Possess or be under the influence of illegal drugs or alcohol while on the campus and/or surrounding structures.
- Smoking on campus.
- No visible body piercings are acceptable (including tongue piercing). Only pierced ears are permitted.
- Food or drink in the classrooms and labs
- Inappropriate use of pagers, cell phones, or other electronic devices. All electronic devices must be in the “off” position while in the classroom.
- Failure to comply with all emergency evacuation procedures, disregarding safety practices, tampering with fire protection equipment, or violation of any other safety rules or regulations.

Violation of the rules of conduct present in the Catalog and Student Handbook may lead to dismissal from the College. All disciplinary matters will come before the administration, which will review the complaint, interview the person(s) involved and make a determination of the action. Results may include: dismissal of the charge, dismissal of the student, probation, or suspension for a specified period of time. The finding will become part of the student’s permanent file, possibly affecting a recommendation from Charter College to future employers. Charter College reserves the right to dismiss any student for whom it feels continuation would be a detriment to the student, fellow students and/or the College.

Weapons

For the safety of everyone, all types of weapons are prohibited on campus. This includes, but is not restricted to, firearms, illegal knives, ammunition, explosives, gas or spring-loaded guns, crossbows, bows and arrows, spring-

type guns, slingshots, firecrackers, fireworks and cherry bombs. Anyone possessing or using any of these weapons can and will be subject to disciplinary action or arrest.

Illegal Drugs and Alcohol

Charter College has standards that prohibit the unlawful possession, use or distribution of illicit drugs and alcohol by students, faculty and staff on campus property or as part of campus activities.

The unlawful possession or distribution of illicit drugs and alcohol is a violation of state and federal law. In the State of California, anyone under the age of 21 cannot be served or be in possession of alcohol.

For those who want to obtain direct assistance, there are several sources within the local community and many more within the greater

Los Angeles area. These sources are listed in the “yellow pages” of the local phone book under “Alcohol and Drug Abuse.”

All casual clothing is not suitable for the office. Therefore, such clothing is not suitable for Charter College. These guidelines will help a student determine what is appropriate to wear to Charter College and ultimately to the workplace. Clothing that works well for the beach, yard work, dance clubs, exercise sessions, and sports contests may not be appropriate for a professional appearance at work. Clothing that reveals too much cleavage, back, chest, feet, stomach or underwear is not appropriate for a place of business, even in a business

casual setting. Even in a business casual work environment, clothing should be pressed and never wrinkled. Torn, dirty, or frayed clothing is unacceptable. All seams must be finished. Any clothing that has words, terms, or pictures that may be offensive to other employees is unacceptable. Failure to comply with the Charter Dress code will result in a warning from the instructor for the first lapse. A student will not be allowed in class for any subsequent incidents.

STUDENT SEXUAL HARASSMENT POLICY

Title IX of the Education Amendment of 1972 prohibits discrimination on the basis of sex including, but not limited to sexual harassment, in any federally funded education institution.

Sexual harassment is unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature. It can have the effect of unreasonably interfering with a person's or a group's educational or work performance or can create an intimidating, hostile, or abusive educational or work environment. Examples of sexual harassment include but are not limited to unwelcome sexual advances, requests for sexual favors and lewd, vulgar or obscene remarks, jokes, posters or cartoons, and any unwelcome touching, pinching or other physical contact.

Charter College is strongly opposed to sexual harassment and is committed to providing a working and educational environment for all faculty, staff, and students that is free from sexual harassment. Sexual harassment is prohibited by state and federal laws including Title IX.

The Campus President serves as one of the Title IX Coordinators. If students feel that they have experienced sexual harassment, students must report any violations to the Campus President immediately. If the potential sexual harassment incident involves the Campus President, directly or indirectly, the student should report the violation to the Campus President the other Title IX Coordinator. The College takes all reports seriously and will provide a prompt and equitable response to all reports of sexual harassment in accordance with the College's Student Sexual Harassment Policy. A prompt and equitable response may include an early resolution of the issue, a formal investigation, and/or targeted training or educational programs. If an investigation is warranted, the College shall maintain confidentiality for all parties to the extent permitted by law. However, complainants should be aware that in a formal investigation due process requires that the identity of the charging party and the substance of the complaint be revealed to the person charged with the alleged harassment. Nonparty witnesses who participate in sexual harassment investigations shall not share with involved parties, other witnesses, or any others, information revealed to them

during the investigation.

Students, staff and faculty are protected by law from retaliation for reporting alleged unlawful harassment or discrimination or for otherwise participating in processes connected with an investigation, proceeding or hearing conducted by the College or a government agency with respect to such complaints.

Students, staff and faculty are protected by law from retaliation for reporting alleged unlawful harassment or discrimination or for otherwise participating in processes connected with an investigation, proceeding or hearing conducted by the College or a government agency with respect to such complaints.

The College recognizes that sexual harassment frequently involves interactions between persons that are not witnessed by others or cannot be substantiated by additional evidence. Lack of corroborating evidence or "proof" should not discourage individuals from reporting sexual harassment. However, making false charges of sexual harassment is a serious offense. If a report is found to have been intentionally false or made maliciously without regard for truth, the claimant may be subject to disciplinary action. This provision does not apply to reports made in good faith, even if the facts alleged in the report cannot be substantiated by an investigation.

The U.S. Department of Education Office for Civil Rights ("OCR") investigates complaints of unlawful harassment of students in educational programs or activities. This agency may serve as a neutral fact finder and will attempt to facilitate the voluntary resolution of disputes with the parties.
